

Academic Program Assessment Plan

Academic Program: Mathematics

Please list the Program Outcomes. Next indicate the mastery course and assignment where Direct Evidence of student learning will be collected for your degree program and how the Evidence will be assessed.

Program Learning Outcome	Developmental/Mastery Level Course(s)	Direct Evidence (Artifact) of Student Learning	Process and Location for Assessment
Students should develop effective thinking and communication skills.	MAT 498 & MAT 499	Project / Assignment	Course
Students should learn to link applications and theory.	MAT 499	Project / Assignment	Course
Students should learn to use technological tools.	CSC 206	Project / Assignment	Course
Students should develop mathematical independence and experience open-ended inquiry.	MAT 207 & MAT 318	Project / Assignment	Course
Students should receive the specific training needed to go into mathematics careers and mathematics graduate programs.	MAT 318 & (MAT 401 or MAT 421)	Project / Assignment	Course
